

## Learning Council Presentations - DRAFT

Thank you for your interest in meeting with the Learning Council. The Learning Council has the following charter describing its role in College governance:

*The Learning Council will develop, review, and evaluate plans and set directions for the instructional and learning support areas of the college in accordance with the vision, mission, core values, learning principles, and strategic plan of the college.*

Briefly describe the scope of your presentation as it relates to the following"

1. Representative group, department or committee
2. Name of presenter(s)
3. Relationship to Learning Council Work (select one or more)
  - a. Instructional direction issue
  - b. Instructional resource issue
  - c. Learner/learning support issue
  - d. Data to inform strategic learning plan/planning
  - e. COPPs approved by Learning Council (review, comment, inquire)
4. Questions you have for Learning Council
5. Action requested (if any) from Learning Council

### Post Presentation Evaluation and Action Plan

Scope of Work	Action/Outcome/Follow-Up/Persons Responsible
Develop a strategic learning plan for instruction and learning support (including library, instructional labs, etc.)	
Evaluate effectiveness of the strategic learning plan	
Update strategic learning plan according to the guidelines of the college-wide planning system	
Identify new instructional directions that align with the mission, learning principles, and strategic plan of the college	
Formulate policies regarding college-wide instructional and learning support	
Ensure college's alignment with accreditation standards 2, 4, and 5
