

Come to the Northwest's first Bicycle Industry Job Fair!

Hosted by:
Collins Cycle Shop

Meet people who are leaders in the bicycling industry. Drop off your résumés and collect contact information in an industry that's healthy, fun, positive, and fresh.

Bring a résumé *and* your personality to Collins Cycle Shop
60 E. 11th Ave. Eugene, Sunday, February 26th 1-5pm...Music, courtesy of *Skip Jones*

Learn what its like to be a part of the cycling community.
From working in a bicycle shop to, manufacturing, shipping and receiving, warehouse work, cleaning, mechanic school, to being an independent sales rep. fabrication, design and more.

Why are we doing this? Collins cycle wants to give back to the community. We are very fortunate to have been in Eugene doing what we are passionate about for over 60 years. We are well aware of how hard it is to get work for many of our residents. Hosting this is just the right thing to do.

Please know, some of these people might not have immediate openings, however if they don't, they might know someone who does. They are all giving their time to be here and talk with you. They will be happy to collect your résumé and share information about their part of the bicycling business.
