

Theater Acting

For students pursuing a bachelor's degree with a major in theatre arts. For information and advice about other courses required for transfer to specific Oregon colleges and universities, and about other degree and non-degree options, see the Counseling and Advising department.

For advice about career choices other than transfer study it is strongly recommended that each student meet with a member of the Theatre Arts faculty.

This is a transfer plan for students interested in acting. A transfer plan is not the same as a state-approved vocational program in which a student earns a degree or certificate with a vocational major issued by the Lane Board of Education, nor is it an associate of arts degree. See department advisor for further information.

This "fast track" first-year curriculum is designed to help students get a B.A. degree in four years. Individual needs and desires may require a different approach. Interested students should seek advice from Theatre Arts instructor Patrick Torelle, Bldg. 6, Rm. 132.

First Year	Fall
TA 141 Acting 1	3
WR 121 Introduction to Academic Writing *	4
AAOT Social Science ^{1,3}	3-4
AAOT Science ²	3-4
Foreign Language	5
