

KUDOS and Congratulations go to May's Classified Employee of the Month – Kevin Williams, Facilities Management & Planning. Representatives of the Classified Professional Development Team joined staff of FMP to present Kevin with the Employee of the Month award for May. Kevin was hired June 8, 1999 as the HVAC Technician in FMP. Kevin Williams has demonstrated excellence in his work performance through exceptional ability and willingness to address hundreds of HVAC related issues associated with environmental temperatures and equipment failures that have occurred in LCC's aging systems throughout the main

campus, the downtown center, and at the Florence satellite campus. Kevin responds with consideration for each request, listening to the needs of the requestors, and providing the best possible solutions for each person. Kevin does not just "fix" equipment. He responds to calls by meeting with the person that requested the support to discuss what can be done to help make areas more comfortable or to support science lab temperature requirements, or to schedule occupancies for scheduled events. Kevin is a hard working highly knowledgeable energetic HVAC Technician with an exceptional desire to provide the highest quality instructional environments possible for all faculty, staff, and students. Kevin goes the extra mile every day. When you see Kevin, congratulate him for doing a terrific job and celebrate his nomination as May's Classified Employee of the Month.

And remember that, you too, can help us to recognize exemplary classified employees by nominating them for this award by the 15th of each month. Nomination forms are available: 1) on the CPDT website: <http://www.lanecc.edu/cpdt/eom.html> ; or 2) from Elaine Marsh, IRAP: marshe@lanecc.edu .
