Contact Information

Call Distance Learning at 541-463-5893 with the date and time for which you are requesting the service, and the number of participants you expect to attend. In order to ensure facility and staff availability, please make your requests as far in advance as possible.

Distance Learning's first priority is to provide educational opportunities to the college and community, primarily through credit course offerings. We are able to offer these additional services when allowed by time, space, and personnel resources.

We have three rate categories:
**Campus, Educational/Non-profit,
and Commercial**

- **Campus**

Most of our services are provided at no charge to college departments; however, some of our services have costs that must be passed on to the requesting department. There may be additional charges for events held outside of regular business hours for additional personnel, ISDN connections, long distance charges, license fees, or DVDs/videotapes.

- **Educational/Non-profit**

Lane has established relationships with various educational institutions, groups, networks, and non-profit agencies. In an effort to encourage the use of our facilities, we have established lower rates for these groups.

- **Commercial**

These charges are based on rates that area vendors and other institutions charge for-profit businesses.

SATELLITE DELIVERED TELECONFERENCING

Teleconferencing facilities are available in three room sizes: 7-10 persons, 30-40 persons, or 80-100 persons. Both C-band and KU band downlinks are available. For complex set-ups, there is a \$20 set-up fee, plus \$5 per videotape if applicable. Additional room rental fees apply for events held in Lane's Center for Meeting and Learning.
