

SPACE IMPLEMENTATION ADVISORY TEAM

The Space Implementation Advisory Team is composed of a core group of people who are knowledgeable and experienced in the areas of space, planning, design/construction, college operations, executive services and instruction. This core group may be added to from time to time depending on the nature of the space requests to ensure that adequate representation is present.

The role of the Space Implementation Advisory Team is purely advisory. SIAT reviews the material compiled by the planner for each request as well as the planner's recommendation. SIAT also invites representatives of the requesting unit to respond to information prepared by the planner.

SIAT meets at irregular times, dates and places as established by the group after the planner has completed his/her work.

The core group of SIAT represents the following areas:

Planner, Architect, Trades Coordinator, Construction Specialist, Sustainability Coordinator, Energy Analyst, Administrative Specialist, ISSLT, College Operations, and Executive Services.
