

# LANE COMMUNITY COLLEGE FABRICATION & WELDING EXPO

Lane Community College and the Advanced Technology Department are inviting you to this open house event. Come join the faculty and students for a day of hands-on activities. Weld, form, and cut metal into take-home projects. Show up and let the sparks fly!

Open to the public! High school students, teachers, parents, and anyone interested is welcome to come!

Make projects, meet local businesses, and learn about the latest in welding technology

## How to get here?

Follow the signs from Eldon Schaffer Dr. Look for the shop at the top of the hill.

Scan this QR code for more information on our program
