

# 2024-25 Scholarship Ambassador

## CANON

When I spoke with advisors, I learned about financial aid options. I found out about the LCC Foundation. It's been so helpful to pay for college."

—Canon

### Canon | Nursing Student

A mother of three, Canon's own experiences with her children led her to pursue her passion for nursing. She hopes her education will help her care for new mothers who go through birthing difficulties, like she once did.

Originally concerned that cost of the program would prevent her from pursuing her educational goals, Canon quickly learned that scholarships and financial aid would make all the difference and open the door to her career path.

The welcoming and inclusive atmosphere at LCC has meant a lot to Canon.

"People will say 'hi' and smile at you here. There are places I've lived that aren't this friendly. That's something I love about this community."

Her time at LCC has allowed Canon the chance to dream big about what is possible for her future in the nursing field — helping others and supporting her family.

#### Why LCC?

Inspiring instructors

Support for ESL students

Welcoming accommodations

A pathway to a meaningful career

Every journey begins somewhere, so just give it a try. At LCC, they help everybody. You can start wherever and reach your dreams."
