# 2024 - 2025 ANNUAL REPORT

---

A LASTING,  
**LOCAL LANE**

LEARN LOCAL, WORK LOCAL.

## A message from Lane Community College President, Stephanie Bulger

At Lane Community College, we know that education is most powerful when it connects directly to people's lives and futures. Thanks in large part to you, our donors, employers, alumni, and the LCC Foundation, students are not only gaining access to higher education, but also finding the support they need to reach their goals and lift up our community.

This past year, Lane has deepened partnerships that extend learning beyond the classroom. New college initiatives like the LCC Chamber Connect link students and local employers, creating opportunities that prepare graduates with skills for meaningful careers while fueling Lane County's economic vitality. These collaborations are a clear reminder that when we invest in students, we invest in the strength and resilience of our entire region.

Your generosity makes this work possible. Every scholarship awarded, every program supported, and every innovation funded ensures that more students can thrive, regardless of the challenges they face. Together, we are building a future where Lane is not only a college of access and opportunity, but also a driver of community growth and economic well-being.

Thank you for your partnership, your vision, and your belief in what education makes possible and how education makes our community thrive. With your continued support, I am confident that Lane and its students will lead the way toward a stronger and more vibrant future.

**With gratitude and optimism,**

A handwritten signature in black ink that reads "Stephanie Bulger".

— Dr. Stephanie Bulger, LCC President

## A message from the Executive Director, Wendy Jett

Each fall, the campus feels re-energized and full of promise. Parking lots are full, students are in the hallways, faculty are poised to teach new classes, and new facilities are open, creating an even better student experience. You are such a large part of the opportunities we are able to provide to our students. Your support has gotten them here and enables them to pursue careers that are sustainable and relevant to our local community.

Our work does not end when students leave our campus. Our new LCC Alumni Network is thriving. We currently have over 650 members -and growing! Anyone who has ever taken a class with us is an alum, and our Alumni Network offers career networking, social activities, and community building events. I encourage you to join our Network by signing up at [www.lanecc.edu/alumni](http://www.lanecc.edu/alumni).

Heading up our Alumni Network is Kaisa Lightfoot, who joined our staff this past winter. If you haven't yet met Kaisa, she is a powerhouse of positive energy and excited to create opportunities for our students and alumni. Kaisa is also the point person for our student ambassadors -introduced on the next few pages. You will hear more about them over the coming year through email, mailings, and events. Keep an eye out for these amazing stories of student success!

Thank you for your support of our students, alumni and programs. You are making a critical difference in our community and our students' lives.

**Here's to another great year!**

# PRESIDENT'S CIRCLE AWARDS

## Diana Learner

For over a decade, Diana has financially supported scholarships, capital projects, and programs at Lane Community College. She has also been an annual Celebration sponsor, always bringing a table full of friends who are as excited as she is about Lane's mission and ready to raise their paddles in support. Diana's work on the Foundation's executive committee has been instrumental in the current success of the Foundation. Diana also serves on the Foundation's finance committee and has been a strong voice on other ad hoc committees and during strategic planning. She has not only committed her funds, but also her time and expertise to grow the Foundation in service to LCC students.

## King Estate

King Estate has been a major sponsor of LCC Foundation events since 2003. For more than a decade, they provided all the dinner wines for the Harvest Dinner, elevating the experience of this signature event. In 2020 King Estate creatively partnered with the Foundation to boost the success of our first Celebration fundraiser, providing wines to be delivered to guests' homes to enjoy with their "remote dinner" during the online event. They have returned every year since, generously providing estate label wines for our in-person Celebration dinner experience. This in-kind support has an enormous impact on the success and popularity of the event each year.

## Lane Community Health Council

Lane Community Health Council has been a consistent scholarship donor, spearheading an annual scholarship that supports students involved with Centro Latino Americano in Eugene –and encouraging other corporate partners like PacificSource Health Plans and Trillium Community Health Plan to contribute to that effort. In 2023, LCHC made an extremely large two-year commitment of nearly \$1 million to support scholarships, curriculum development, and equipment in our health professions programs, making a critical investment in this much-needed workforce. Lane Community Health Council has been an outstanding partner to the Foundation and have gone even further to help champion additional community support for LCC students.

# CONSOLIDATED BALANCE SHEET
