

**Child Care Co-Op Rates
2022-2023**

- **Preschool Co-Op Rates are credited to the parent’s account at \$15.00/hour worked in a classroom other than the classroom which their child attends.**
- **Co-Op hours available to a parent based on both their child’s schedule and other assistance that the parent is receiving to help pay for child care.**
- **Co-Op credits may not result in the parent receiving more financial support than the full amount of their child care costs each term.**
