Before You Start the Application

Apply for admissions

If you have never attended Lane before, it has been more than a year since you last attended, or you were a College Now/RTEC student, you must complete an admission or readmission application. Go to the following Lane website for instructions:

<http://www.lanecc.edu/apply>

Lane Community College Student ID# (also called L#)

Required for all applicants. This may take several business days after you complete your online admission.

Lane Gmail Account

A Lane student Gmail account is required for all applicants. You ***must*** use this Lane issued email ending in @my.lanecc.edu to create an application account. Access will be denied for all other emails. Information on how to “Claim your Student Email and G Suite Account” is available at the SHED (Student Help Desk) website.

<https://help.lanecc.edu/SHED/Knowledgebase/Article/View/1117/174/claim-your-student-email--g-suite-account>

Unofficial copies of your transcripts

Transcripts saved as PDF files required for all applicants. Scan each transcript as a single PDF document. Failure to provide transcripts will disqualify your application. Uploading transcripts in file formats other than PDF will also disqualify your application. Transcript requests, including the GED, may take time to process, allow sufficient time for this. MyGradPlan does not qualify as a Lane transcript. Paper copies of documents will not be accepted.

Academic Plans

Most scholarships require a declared major and the type of degree or certificate you are pursuing. See listing of College Degrees and Majors on the last pages of these instructions.

<http://www.fafsa.ed.gov>

If a LCC Foundation scholarship requires submission of a FAFSA, the FAFSA must be submitted by the scholarship deadline. If you are unable to submit a FAFSA, you should still complete a scholarship application. **There are scholarships that do not require a FAFSA.**

When you apply for admission to Lane Community College, you are given the voluntary option of providing your Social Security number. The Lane Community College Financial Aid Office uses the Social Security number to match students with their FAFSA results. You must also direct FAFSA to send your results to Lane Community College when applying for federal financial aid.

Apply Early

Network outages, heavy server traffic, or other challenges might occur for students who are trying to apply at the last minute. We cannot make any exceptions for students who do not have a complete application submitted by the scholarship deadline.

Notifying Scholarship Recipients

Scholarship recipients will be notified via your Lane Gmail account. We do not send notifications to non-recipients. Results will also be posted on our website. The Foundation office does not give out scholarship results over the phone. Results will be available by mid-June.

Documents must be uploaded into the online application in PDF format. Other file formats will not be accepted. Be sure all pages of your documents are uploaded, and they are not upside down.

Check your PDF files before you complete your application. Corrupt or damaged files that cannot be viewed will not be scored. Paper copies of documents will not be accepted.

Local copy centers can scan documents into a PDF file. If the transcript or document is more than one page, request that it be scanned into one file. You will need to provide a USB flash drive or disk to save your document. Many home printers have a scanning feature. Be sure to save documents as a PDF file.

There are also online file converters that applicants may explore to save their transcripts in PDF format. Before downloading any software from the web, carefully read any disclaimers, user manuals and be sure the software is compatible with the computer's operating system.

IMPORTANT: Transcript file names should be saved without any special characters or spaces. We recommend using this format to avoid problems with uploading your PDF file.

Examples: JohnsonMHighSchoolTranscript
 JohnsonMLCctranscript

The specifications for file uploads are:

- All transcripts and other required documents must be uploaded as a PDF.
- Files size is limited to 10MB. If a document exceeds this file size, try scanning in a lower resolution.
- File names cannot be longer than 512 characters.
- File names cannot contain more than a single period “.”
- File names can only contain the following:

Special characters _ . -
Upper or lower case letters
Numbers 0-9

Transcripts – What to provide

Transcripts are used to evaluate academic goals, progress and achievement. This academic history is an important part of the scholarship application. Current Lane students should include their H.S. transcripts, GED transcript, or prior college transcripts if they have less than 36 graded credits recorded on their Lane transcripts. Unofficial transcripts are accepted. MyGradPlan does not qualify as a Lane transcript. Providing more complete academic history is a positive for all applicants.

High School Transcripts

Graduating H.S. students must electronically upload a transcript which includes all coursework/grades available at the time you apply.

GED

Students who have completed the GED must submit a GED transcript which includes the scores for all test results.

Home-Schooled Students

Home-schooled students from Oregon, not yet enrolled in college, must submit the information listed below. Students from other states should submit similar documentation.

- The home-schooling Oregon Administrative Rules (OARs) list approved tests for assessment of satisfactory progress by home school students. **Applicants must submit a copy of the required 10th grade test results.** It is not sufficient to have the results listed on the home-school record or transcript.
- Transcript from the home-school teacher describing your coursework and letter grades assigned.

College Transcripts

We recommend including transcripts of college coursework completed in the last 10 years

Adult students with no college coursework, no high school diploma, GED, or home schooling

Electronically upload any high school transcripts with the coursework you did complete.

Additional documents required for individual scholarships

A few scholarships may require additional documents. These documents must also be electronically uploaded in **PDF format** with your application.

Transcripts – How to request copies

High School Transcripts

Contact your high school. If they no longer retain a copy of your transcript, ask them where your records are available. If this is unsuccessful, try contacting the School District Administration Office or the Department of Education in the state where you attended high school. If all else fails, try the Educational Service District (ESD) for the county where you attended high school. You may have to contact a different agency in other states.

GED transcripts (Updated 11.16.2017)

GED documentation must include all test scores. Beginning March 1, 2015, you can order an official copy of your GED Transcript or Diploma online using a service called GED Testing Service:

<http://www.gedtestingservice.com>

Home-School Records

The home-schooling Oregon Administrative Rules (OARs) list approved tests for assessment of satisfactory progress by home school students. These tests must be administered and submitted according to the approved timeline. Applicants must submit a copy of the required 10th grade test results.

Transcript obtained from your home-school teacher should list coursework and letter grades assigned.

College Transcripts

Contact the college or school you attended. If your records are being held for any reason, you will need to work with the institution to resolve this. If you attended a college that has closed, contact the Department of Education in that state. You might also try doing an internet search - "State Name + department of education closed colleges". NOTE: MyGradPlan does not qualify as a Lane transcript.

International Transcripts

Students who have attended international schools must provide a certified English translation of all coursework. Students who do not provide this documentation may not be eligible for scholarships offered through the Foundation.
