Great Teaching Seminar 2007

The Great Teaching Seminar is a three-day exchange of classroom-tested teaching ideas and techniques from experts in the field: your colleagues. The Seminar is an academic retreat in a magnificent country lodge that will both relax and stimulate you.

Details:

Date: May 16-18

Location: Triangle Lake

Cost: Free to LCC full and part-time faculty

Facilitators

FPD is pleased to welcome Doug Dickson and Jan Woodcock as facilitators of the 2007 Great Teaching Seminar.

Doug Dickson taught English at Mt. Hood Community College for fifteen years prior to his retirement in 2005. During the last ten years of that period (and continuing to the present), Doug has been on the staff of Pacific Northwest Great Teachers Seminar meeting annually in the Columbia Gorge

outside Portland. Doug lives in West Linn and has been married to the same lucky woman for 35 years. Together they have produced 1 1/2 grown children.

Jan Woodcock has been the Director of the Pacific Northwest Great Teachers Seminar for the past ten years. She teaches psychology and human services at Umpqua Community College. She is the president of the Oregon Chapter of AAWCC and co-director of the Oregon Institute for Leadership Development. Jan describes her work as a wonderful job where she gets to laugh a lot with her students, celebrate their many successes, and she is really looking forward to working with her colleagues at Lane.

Registration:

Registrations are granted on a first-come, first-served basis, as there is only room for 27 participants. Please register online at <http://lanecc.edu/fpd/gts/index.html>

New Career-Technical/Technology Program

FPD announces a new pilot program for Career-Technical faculty and faculty working in the technology field.

The pilot program is designed for career-technical (formerly Professional-Technical) faculty or faculty in technology disciplines to invite guest speakers and/or trainers to Lane to present to multiple

faculty. This program was established in 2006 due to the historical underutilization of FPD leave programs by career-technical and technology faculty as well as to the relatively high cost of training in these disciplines.

For details about the program, funding criteria, and application process, please visit the FPD website at: <http://lanecc.edu/fpd/>

Faculty Connections Coordinator Search

Beth Naylor has announced that she will be stepping down from the position of Faculty Connections Coordinator.

FPD deeply appreciates Beth's years of dedicated service welcoming new faculty to Lane with great panache.

The position description and application procedures are forthcoming! Thank you, Beth!

Sabbatical Applications Due!

Sabbatical can serve as a valuable time for research and professional development projects.

Sabbaticals are awarded through a competitive grant process overseen by the FPD Paid Sabbatical Leave Committee. Sabbatical

awards are usually one- or two-term awards during which their positions are backfilled by part-time instructors.

Applications for sabbatical awards for the 2007-2008 academic year are due

February 5, 2007. Late applications will not be accepted.

To apply for a paid sabbatical, please review the criteria and application procedures detailed on the FPD website at:

<http://lanecc.edu/fpd/grants/sabbatical/paid/>.

Take Note: Announcements

FPD Focus Groups: Let Your Voice Be Heard

We want to hear from you! FPD will be conducting several focus groups during Winter term. We want to explore the effectiveness of the current program offerings as well as hear your ideas for how to better support our faculty.

Getting Results The League for Innovation provides this high quality professional development course for community college faculty for free. Check out the course on the FPD

website at: www.lanecc.edu/fpd/resources/html

Professional Activities

Eligible faculty members have a theoretical "balance" of \$1700 over a rolling period of three fiscal years. You may check your FPD "balance" on the FPD website.

FPD Staff: Adrienne Mews, faculty member in ALS, became FPD Coordinator at the beginning of Summer 2006. Since her induction, Adrienne has worked to streamline FPD processes to make information more

accessible. Jennifer Cook has joined the FPD team as administrative support. Stop by and say hello to Adrienne in Center 225 and to Jennifer in Bldg 3, Room 101 (College Finance).

FPD Website: The FPD website has moved! The website was housed on the teach server, but has been moved to the main Lane server. Thanks to the Faculty Webmasters who maintained the website before the move. Check out the new site at: <http://lanecc.edu/fpd/>

Thank Your FPD Committees

The success of FPD lies with our committees. FPD would like to thank the following committee members for their dedicated service in serving the faculty of Lane.

FPD (Steering) Committee

- Penny Deggleman, Math
- Kyle Hammon, Designee for the Vice President of Instruction
