PLAN INTRODUCTION

We are pleased to offer you, as an OEBB member, a high value dental insurance plan designed with the best health of you and your family in mind. We offer a unique system that not only offers you value-based dental insurance but provides you with quality dental care as well. Professional general practitioners, specialists, hygienists, and quality support staff from Willamette Dental Group, P.C., in Oregon, Washington, and Idaho provide the care for your dental plan. Willamette Dental Group has been providing dental care in the Pacific Northwest for over 40 years and has been providing quality care to educators for over 25 years.

Treatment Philosophy

At Willamette Dental Group, we don't start any treatment without a thorough evaluation and planning process. We don't drill until clinically it's the right thing to do, and we certainly don't wait for problems to arise. The sad truth is that some dentists do. Willamette Dental Group has been the leader in proactive preventive care for over 40 years, and we practice dentistry a little differently. We believe a healthy mouth is the foundation of all dental care and because our focus is health-based rather than disease-based, our proactive method is wholly rooted in prevention. In fact, with your individualized, health-based treatment plan and with proper care, your teeth can be healthy enough to last the rest of your life.

A key to this philosophy is our emphasis on preserving the patient's natural tooth-structure and preventing dental disease. By using proven techniques, including non-surgical methods of treatment, our practitioners can help to prevent or even reverse dental disease. As dental care professionals, our practice emphasizes providing only the appropriate treatment that will lead to the optimum oral health of our patients.

Key Plan Features

Predictable Costs

There are no deductibles and no annual maximums. A Member simply pays any applicable service Copays and an office visit copay at the time of service. These Copays include covered lab work.

Responsive, Flexible, and Simple Service

There are no claim forms and no pre-authorizations for a Member to fill out. Simply select the Willamette Dental Group office of choice and pay any applicable Copays. We will take care of the rest. Plus, we make scheduling appointments as simple as possible, with a centralized appointment center and our simple schedule approach.

Comprehensive Benefits

Our Dentists will work to maintain your dental health through routine exams and other preventive services. Preventive services such as cleanings, periodic x-rays, sealants, fillings, and fluoride applications are covered with payment of the office visit Copay so that you will maintain superior dental health.

Major dental work such as crowns, bridges, and dentures are covered under this Plan with payment of the office visit Copay. Orthodontics and dental implants are also covered, with modest service Copays. Orthodontia and dental implants services are subject to an office visit Copay, which is not included in the service Copay amount.

Quality Assurance

Willamette Dental Group has an extensive Quality Assurance Program. Each of our Dentists participates in our Quality Assurance Program that includes regular peer reviews to ensure optimal care. Quality assurance begins with the recruitment of accomplished dentists and staff members. These dentists must meet strict credentialing measures. All Dentists, both general and board-certified specialists, are employees of Willamette Dental Group. As employees, the Dentists and specialists all practice under the same treatment planning guidelines. Quality assurance, which includes health and safety measures, is extremely important to us. Members can be assured our health protection control and safety measures exceed OSHA, WISHA, and state requirements. These attributes have made Willamette Dental Group one of the largest dental practices in the United States.

Here’s How Our Plan Works

To receive Benefits under this Plan, treatment must be rendered by a Willamette Dental Group provider, except in the case of an out-of-service area Dental Emergency or upon referral by a Willamette Dental Group Dentist. As a Willamette Dental Group Plan member, you have a choice of which of our providers and offices is best for you. Each of our dental professionals practices today’s latest scientific approaches to dental care and they must meet and maintain one of the highest credentialing standards in the dental industry. All routine appointments will be scheduled with the Member’s primary care Dentist, unless otherwise specified at the time the appointment is arranged. There is no need for everyone in your family to visit the same office location or same provider, as each Member may select his or her office location and provider.

Choosing a Provider

The primary care Dentist each Member selects will coordinate all the Member’s dental care needs. A primary care Dentist offers a personal and individual approach to dental treatment by becoming familiar with each Member’s dental history. Unless a specific Willamette Dental Group Dentist is requested, an appointment will be made with the first available Dentist at the location of the Member’s choice. We believe in continuity of care. In order to establish a good dentist-patient relationship, future appointments will be scheduled with the Member’s primary care Dentist unless a permanent change is requested.

Simple Scheduling for Appointments

Each of Willamette Dental Group’s over 50 office locations practice our Simple Scheduling method. Through this model, more appointment types are offered everyday so you can be seen when it fits your schedule and needs.

The length of wait-time for an appointment may vary based on your choice of provider, dental office location, appointment type and your desired day or time of appointment. Our goal is to get you in within days or weeks to fit your lifestyle.

To schedule an appointment that meets your scheduling needs, please call our Appointment Center.

Appointment Center Hours:

- Monday – Thursday: 7 a.m. to 8 p.m. PST
- Friday: 7 a.m. to 6 p.m. PST
- Saturday: 7 a.m. to 4 p.m. PST

Your First Visit

At your first visit to our office, you will receive a thorough dental examination that includes X-rays and comprehensive risk assessments. Then, your Dentist will develop a Proactive Dental Care Plan based on your immediate needs, current dental health and long term oral health goals. This individual plan will include recommendations for cleanings, restorations, and preventive treatments. We encourage Members to discuss any questions about the treatment plan directly with their Dentist.

Follow-Up Care

Based on the treatment plan established by the primary care Dentist, additional routine appointments will be scheduled at periodic intervals. Some Members require several cleanings; others require a cleaning every nine months or only once each year.

Specialty Services

Willamette Dental Group Dentists provide a full range of general and specialty dental services. For most treatment, the Member will see their selected primary care Dentist; however, the Dentist may refer the Member for a covered dental service to a Specialist. Services will be covered up to this Plan’s specifications for those procedures authorized by the Member’s referring Willamette Dental Group Dentist. This Plan does not cover specialty services unless the Member is referred by a Willamette Dental Group Dentist. If the Member has any questions regarding specialty services, please contact our Member Services Department at 1.855.4DENTAL (1.855.433.6825).

DEFINITIONS

The following defined terms are used throughout this Certificate, unless the context specifically states otherwise:

“Active Eligible Employee” means an employee of an Entity who meets the definition of an Eligible Employee under OAR 111-010-015.

“Appeal” means a request for action/resolution on a denial of authorization for a covered service, denial of payment for a claim, or a denial of Benefits.

“Benefits” means the dental services which a Member is entitled to receive, subject to the terms, conditions, limitations, and exclusions set forth in this Certificate.

“Copay” and *“Copayment”* means the dollar amount a Member must pay for Benefits.

“Company” means Willamette Dental Insurance, Inc.

“Complaint” means an expression of dissatisfaction that is about a specific problem encountered by a Member or about a decision by the Company that includes a request for action to resolve the problem or change the decision. Complaint does not include an inquiry for information.

“Dental Emergency” means acute infection, traumatic damage to the oral cavity, or discomfort that cannot be controlled by non-prescription pain medication.

“Dentist” means a licensed doctor of dental surgery or a licensed doctor of medical dentistry.

“Denturist” means a person licensed to practice denture technology pursuant to the laws of the state where treatment is rendered.

“Educational Entity” means public school districts (K-12), education service districts (ESDs), community colleges and public charter schools participating in OEGB.

“Entity” means an Educational Entity or Local Government as defined in OAR 111-010-0015.

“Eligible Early Retiree” means a previously Active Eligible Employee, who meets the definition of an Eligible Early Retiree under OAR 111-010-0015.

“Eligible Employee” means an Active Eligible Employee or Eligible Early Retiree.

“Experimental or Investigational Service or Supply” means a service or supply classified by the Company as experimental or investigational. In determining whether services or supplies are experimental or investigational, the Company will consider the following: (1) whether the services or supplies are in general use in the dental community in the State of Oregon; (2) whether the services or supplies are under continued scientific testing and research; (3) whether the services or supplies show a demonstrable benefit for a particular illness, disease, or condition; and (4) whether the services or supplies are proven to be safe and efficacious.

“Family Member” means an Eligible Employee’s spouse, eligible domestic partner, or dependent child as defined in OAR 111-010-0015.

“Grievance” means any expression of dissatisfaction about any matter other than one that is an Appeal.

“Late Enrollee” means a Member who did not enroll during their initial eligibility period. Late Enrollees are subject to benefit waiting periods for select services, as described in the Schedule of Covered Services and Copayments.

“Local Government” means cities, counties, and Special Districts.

“Member” means an Eligible Employee or Family Member, who is enrolled under this Plan.

“*Non-Participating Provider*” means any Dentist or Denturist that is not a Participating Provider.

“*OEBB Premium*” means the monthly or other periodic charge, including OEBB’s administrative fees, payable by the Member for the Plan.

“*Oregon Educators Benefit Board (OEBB)*” means the program established under Chapter 243 of the Oregon Revised Statutes, as amended.

“*Participant*” means an OEBB member who is an Eligible Employee of an Entity who is covered by the Plan.

“*Participating Provider*” means Willamette Dental Group, P.C., and the Dentists and Denturists who are employees of Willamette Dental Group, P.C. The Participating Provider is engaged by the Company to provide dental services to Members under the terms of the Contract.

“*Plan*” means this OEBB-sponsored dental plan provided under the *Group Benefits Contract* between Willamette Dental Insurance, Inc., and OEBB as described in this Certificate of Coverage.

“*Reasonable Cash Value*” means the Participating Provider’s usual, customary, and reasonable fee-for-service price of dental services and supplies.

“*Specialist*” means a Dentist professionally qualified as an endodontist, oral surgeon, orthodontist, pediatric dentist, periodontist, or prosthodontist.

“*Special District*” means any district listed in ORS chapter 198 “Special Districts generally,” or as determined by OEBB.

ELIGIBILITY

Eligibility for OEBB benefits is based on rules in Oregon Administrative Rules (OAR) as amended. OEBB eligibility rules are codified in OAR 111-015-0001, as amended. These rules are accessible through OEBB’s Administrative Rules section on the OEBB website at: <http://www.oregon.gov/oha/OEBB/Pages/administrativerules.aspx>.

ENROLLMENT

OEBB’s enrollment rules are codified in OAR Chapter 111, Division 40, as amended. These rules are accessible through OEBB’s Administrative Rules section on the OEBB website at: <http://www.oregon.gov/oha/OEBB/Pages/administrativerules.aspx>.

Per OAR 111-040-0050, Late Enrollees are subject to benefit waiting periods for select services, as described in the Schedule of Covered Services and Copayments.

EFFECTIVE DATE OF COVERAGE

OEBB’s rules for the effective date of coverage are codified in OAR Chapter 111, Division 40, as amended. These rules are accessible through OEBB’s Administrative Rules section on the OEBB website at: <http://www.oregon.gov/oha/OEBB/Pages/administrativerules.aspx>.

TERMINATION OF COVERAGE

OEBB’s rules for the termination of coverage are codified in OAR Chapter 111, Division 40, as amended. These rules are accessible through OEBB’s Administrative Rules section on the OEBB website at: <http://www.oregon.gov/oha/OEBB/Pages/administrativerules.aspx>.

Termination for Just Cause

The Company may terminate coverage on the last day of the month following 30 days prior written notice to the Member, if the Member:

- a. Abuses or threatens the safety of Company personnel or of any person or property of the Participating Provider;
- b. Fails to comply with the provisions of this Plan, which shall include, but are not limited to, the following:

- (1) An inability to establish or maintain a satisfactory provider-patient relationship with a Participating Provider at office locations reasonably accessible to the Member.
 - (2) Repeatedly fails to make timely Copays.
- c. Knowingly commits fraud. Some examples of fraud include, but are not limited to, the following:
- (1) Intentional misuse of ID card (or letting someone else use an ID card to obtain services pretending to be the Member).
 - (2) Providing false material or eligibility information with the intent to mislead the Company into providing Benefits it would not otherwise have provided.
 - (3) Failure to notify OEGB or the Entity of changes that affect eligibility or Benefits.

CONTINUATION OF COVERAGE

A Member's coverage may be continued in certain circumstances when coverage would otherwise be terminated. OEGB's continuation of coverage rules are codified in OAR Chapter 111, Division 50, as amended. These rules are accessible through OEGB's Administrative Rules section on the OEGB website at: <http://www.oregon.gov/oha/OEGB/Pages/administrativerules.aspx>.

Below is a brief overview of continuation coverage options that may be available to Members. All options are administered by OEGB. Please refer to OEGB or the Entity for specific details. The Member is responsible for timely payment of OEGB Premiums and reporting changes in eligibility or address. Failure to report changes may result in loss of the right to continue coverage.

The Consolidated Omnibus Budget Reconciliation Act (COBRA)

COBRA allows a Member losing group dental plan coverage due to a qualifying event to continue their coverage for a limited time on a self-pay basis. OEGB will issue or cause the issuance of an initial COBRA notice explaining the right to continue coverage to all newly Eligible Employees and individuals. The Member is responsible for making the full monthly OEGB Premium payment to OEGB or its designated third party administrator. The OEGB Premium may include a 2% additional charge to administer the program. Please contact the Entity or OEGB for further details.

Federal Family Medical Leave Act

OEGB will allow Entities to continue coverage for Active Eligible Employees and covered Family Members, if the Active Eligible Employee is granted leave under the Federal Family Medical Leave Act (FMLA), as required under related federal rules and regulations. Please contact the Entity or OEGB for further details.

Oregon Family Leave Act

OEGB will allow Entities to continue coverage for Active Eligible Employees and covered Family Members, if the Active Eligible Employee is granted leave under the Oregon Family Leave Act (OFLA), as required under related state rules and regulations. You must notify the Entity within 31 days after the event. OEGB Premium may increase by an additional 2% to administer the program. Please contact the Entity or OEGB for further details.

Leave of Absence

OEGB will allow Entities to continue coverage for Active Eligible Employees and covered Family Members, if the Active Eligible Employee is granted a leave of absence based on OAR 111-050-0070. Please contact the Entity or OEGB for further details.

Spouse Continuation of Coverage

According to Oregon law (ORS 743.600), a legally separated, divorced, or surviving spouse age 55 or over may elect to continue coverage under this Plan. Children of the spouse may remain covered provided the children are otherwise eligible under this Plan. Please contact the Entity or OEGB for further details.

State Continuation Coverage After Workers' Compensation Claim

If the Participant files a workers' compensation claim for an injury or illness, the Participant and Family Members may be able to continue coverage for up to 6 months after the Active Eligible Employee and Family Members would otherwise lose eligibility. Please contact the Entity or OEGB for further details.

During a Labor Dispute

If an Active Eligible Employee ceases to satisfy the minimum working requirement due to a strike, lockout, or other general work stoppage caused by a labor dispute, coverage may continue for up to 6 months. The following rules will apply:

- a. If an Active Eligible Employee's compensation is suspended or terminated because of a work stoppage caused by a labor dispute, OEGB or the Entity will notify the Active Eligible Employee in writing of the right to continue coverage.
- b. The Active Eligible Employee must pay OEGB Premiums on a self-pay basis through the Entity, including the Entity's portion.
- c. OEGB Premium rates during a work stoppage are equal to the OEGB Premium rates in place before the work stoppage. OEGB Premium rates may change according to the provisions of the Plan. Coverage will terminate on the earlier of:
 - (1) The last day of the month for which OEGB Premium was paid, if OEGB Premiums are unpaid;
 - (2) The last day of the 6th month following the date the work stoppage began;
 - (3) The last day of the month after the Active Eligible Employee begins full-time employment with another employer; or
 - (4) The date of termination of the Plan.

EXTENSION OF BENEFITS

Benefits will be extended to cover the following services if coverage ends, so long as OEGB, the Entity, and affected Member are in compliance with the terms of the Plan as of the date of termination.

Crowns or Bridges

Adjustments for crowns or bridges will be covered for up to 6 months after placement if the final impressions are taken prior to termination of coverage and the crown or bridge is placed within 60 days of termination of coverage.

Removable Prosthetic Devices

Adjustments for removable prosthetic devices will be covered for up to 6 months after placement if final impressions are taken prior to termination of coverage and the prosthesis is delivered within 60 days after termination of coverage. Laboratory relines are not covered after termination of coverage.

Immediate Dentures

Benefits for dentures may be extended if final impressions are taken prior to termination and the dentures are delivered within 60 days after termination of coverage. If coverage terminates prior to the extraction of teeth, the extractions will not be covered.

Root Canal Therapy

Benefits for root canal therapy will be extended if the root canal is started prior to termination and treatment is completed within 60 days after termination of coverage. Pulpal debridement is not a root canal start. If after 60 days from termination of coverage the root canal requires re-treatment, re-treatment will not be covered. Restorative work following root canal treatment is a separate procedure and not covered after termination of coverage.

Extractions

Post-operative checks are covered for 60 days from the date of the extraction for extractions performed prior to termination of coverage. If teeth are extracted in preparation for a prosthetic device and coverage terminates prior to the final impressions, coverage for the prosthetic device will not be extended. Extractions are a separate procedure from prosthetic procedures.

COORDINATION OF BENEFITS

This Coordination of Benefits (COB) provision applies when a person has dental coverage under more than one Plan. Plan is defined below. The order of benefit determination rules govern the order in which each Plan will pay benefits for covered services. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

Definitions

- a. A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
- (1) Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care.
 - (2) Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.
- Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.
- b. This Plan means, in a COB provision, the part of the contract providing the dental benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- c. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable expense.
- d. Allowable Expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the Reasonable Cash Value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable Expense. The following are examples of expenses that are not Allowable Expenses:
- (1) The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense, unless one of the Plans provides coverage for private hospital room expenses.
 - (2) If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 - (3) If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 - (4) If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
 - (5) The amount of any benefit reduction by the Primary Plan because a covered person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
- e. Closed Panel Plan is a Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- f. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- a. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Plan.
- b. (1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with state regulation regarding coordination of benefits is always primary unless the provisions of both Plans state that the complying Plan is primary.
 (2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.
- c. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- d. Each Plan determines its order of benefits using the first of the following rules that apply:
 - (1) Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree, is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 - (2) Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:
 - a) For a child whose parents are married or are living together, whether or not they have ever been married: The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or if both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
 - b) For a child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - (i) If a court decree states that one of the parents is responsible for the child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
 - (ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph a) above shall determine the order of benefits;
 - (iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph a) above shall determine the order of benefits; or
 - (iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 The Plan covering the Custodial Parent;
 The Plan covering the spouse or domestic partner of the Custodial Parent;
 The Plan covering the non-custodial parent; and then
 The Plan covering the spouse or domestic partner of the non-custodial parent.
 - c) For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of Subparagraph a) or b) above shall determine the order of benefits as if those individuals were the parents of the child.
 - d) For a dependent child:
 - (i) Who has coverage under either or both parents' plans and also has coverage as a dependent under his or her spouse's or domestic partner's plan, the Longer or Shorter Length of Coverage rule in Paragraph (5) applies.
 - (ii) In the event the dependent child's coverage under his or her spouse's or domestic partner's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph a) to the dependent child's parent and the dependent child's spouse.
 - (3) Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled d(1) can determine the order of benefits.

- (4) COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled d(1) can determine the order of benefits.
- (5) Longer or Shorter Length of Coverage. The Plan that covered the person as an employee, member, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary plan.
- (6) If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- a. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any covered service, the Secondary Plan will calculate the benefits it would have paid in the absence of other dental coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the covered service do not exceed the total Allowable expense for that covered service. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other dental coverage.
- b. If a covered person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-Panel Provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about dental care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. The Company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. The Company need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give the Company any facts it needs to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This plan. If it does, the Company may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. The Company will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the Reasonable Cash Value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by the Company is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the Reasonable Cash Value of any benefits provided in the form of services.

GENERAL PROVISIONS

Agreement to Provide Benefits

The Company agrees to provide Benefits for prescribed services that are listed in the Schedule of Covered Services and Copayments, subject to the limitations and exclusions. Services must be provided by a Participating Provider to receive Benefits, unless specified otherwise. All Benefits are expressly subject to the Copayments stated in the Schedule of Covered Services and Copayments and to all other provisions of the Plan.

Referral to a Specialist

If a Participating Provider cannot provide a covered service, the Participating Provider may refer a Member to a Specialist or Non-Participating Provider. Services provided by a Specialist or Non-Participating Provider will be covered only if all of the following conditions are met:

- a. The Participating Provider refers the Member;
- b. The services are authorized by the referral; and
- c. The services are listed as covered in the Schedule of Covered Services and Copayments.

Copayments

The Member is responsible for payment of an office visit Copay for each visit to a Participating Provider, Specialist, or authorized referral Dentist. Office visit Copays are payable at each visit. Some services may require a service Copay as described in the Schedule of Covered Services and Copays. Service Copays are payable at the time of service.

Participant Dual Coverage

A Participant will not be allowed to be simultaneously covered more than once as a Participant under this Plan.

EMERGENCY CARE

Participating Providers will provide Members with treatment of a Dental Emergency during office hours. The Company will provide Benefits for covered services provided for treatment of a Dental Emergency provided by Participating Providers. If Participating Provider's offices are closed, Members may access after-hours clinical assistance by calling the Appointment Center at 1.855.4DENTAL (1.855.433.6825). There is no cost for accessing after-hours clinical assistance.

The Member may seek treatment for a Dental Emergency from a Non-Participating Provider if the Member is 50-miles or more from the nearest Participating Provider's office. The Company will reimburse to the Member up to \$100 for the cost of services provided for treatment of the Dental Emergency, minus applicable Copays, to the extent that such services would have been covered under this Plan if the Member had used a Participating Provider. The Member is financially responsible for any charges for Covered Services provided for treatment of Dental Emergency in excess of \$100 and any services not covered under this Plan. The Member must submit to the Company a written request for reimbursement within 6 months of the date of service. The request should include: the Member's signature; the attending non-participating provider's signature; and the attending non-participating provider's itemized statement. The Company may request additional information, including X-rays. The benefit for out of area Dental Emergency treatment is contingent upon receipt of complete information.

SUBROGATION

- a. Benefits may be available for an injury or disease, which is allegedly the liability of a third party. Such services provided by the Participating Provider are solely to assist the Member. By incurring the Reasonable Cash Value of the Benefits provided in the form of services, the Participating Provider is not acting as a volunteer and is not waiving any right to reimbursement or subrogation.
- b. If the Participating Provider provides services for the treatment of an injury or disease, which is allegedly the liability of a third party, it shall:
 - (1) Be subrogated to the rights of the Member to recover the Reasonable Cash Value of the Benefits provided in the form of services; and
 - (2) Have security interests in any damage recoveries to the extent of all payments made or the Reasonable Cash Value of the Benefits provided in the form of services, subject to the limitations specified below.
- c. As a condition of receiving Benefits, the Member shall:
 - (1) Provide the Participating Provider with the name and address of the parties liable, all facts known concerning the injury, and other information as reasonably requested;
 - (2) Hold in trust any damage recoveries until the final determination or settlement is made and to execute a trust agreement guaranteeing the Participating Provider's subrogation rights; and
 - (3) Take all necessary action to seek and obtain recovery to reimburse the Participating Provider.
- d. The Participating Provider shall be reimbursed with any amounts received from the third party or third party's insurer(s). The amount shall not exceed the Reasonable Cash Value of the services provided for treatment of the injury or disease.
- e. This Plan does not provide Benefits for services payable under any motor vehicle medical, motor vehicle no-fault, underinsured or uninsured motorist, personal injury protection, homeowner's, commercial premises coverage, workers' compensation, or other similar plan or insurance.

- f. The refusal or failure, without good cause, to cooperate with the Company or Participating Provider is grounds for recovery by the Participating Provider.

COMPLAINTS, GRIEVANCES, AND APPEALS PROCEDURES

Complaints

Members are encouraged to discuss matters regarding service, care, or treatment with the Participating Provider's staff. Most complaints can be resolved with the Participating Provider's staff. If the Member requests a specific service, the Participating Provider will use his or her judgment to determine if the service is dentally necessary. The Participating Provider will recommend the most appropriate course of treatment.

Members may also contact the Company's Member Services Department with questions or complaints.

1.855.4DENTAL (1.855.433.6825)

If the Member remains unsatisfied after discussing with the Participating Provider, office staff, or the Member Services Department, Grievance and Appeal procedures are available for complaints pertaining to a denied Benefit or service.

Grievances

The Member should outline his/her concerns and specific request in writing. The Member may submit comments, documents, and other relevant information. Grievances must be submitted to the Member Services Department within 180 days after the denial of Benefits or services.

- a. The Company will review the Grievance and all information submitted. The Company will acknowledge receipt of the Grievance within 7 business days and will resolve the Grievance within 30 calendar days, unless the Member has been notified of a 15 day extension if additional information is needed. If the Benefit request involves:
 - (1) A preauthorization, the Company will provide a reply within 15 days.
 - (2) Services deemed experimental or investigational, the Company will provide a reply within 20 working days.
 - (3) Services not yet rendered for an alleged Dental Emergency, the Company will provide a reply within 72 hours.
- b. If the Grievance is denied, the written reply will include information about the basis for the decision; how to appeal; and other disclosures as required under state and federal laws.

Appeals

An Appeal is the process for requesting reconsideration of a denied Grievance. Appeal request must be submitted, in writing, to the Member Services Department within 180 days of the date on the written reply to the Grievance. The Member should indicate the reason for the Appeal and may include written comments, documents, records, or any relevant information.

- a. The Company will review the Appeal and all information submitted. The Company will provide a written reply within 60 days of receipt. If the appeal involves:
 - (1) A preauthorization, the Company will provide a written reply within 30 days.
 - (2) Services deemed experimental or investigational, the Company will provide a written reply within 20 working days.
 - (3) Services not yet rendered for an alleged Dental Emergency, the Company will provide a reply within 72 hours.
- b. If the Appeal is denied, the written reply will include the basis for the decision and other disclosures as required under state and federal laws.

ORTHODONTIC SERVICES

Members must have been continuously covered under an OEGB-sponsored dental plan for 12 or more consecutive months to be eligible for Benefits for orthodontic services. Late Enrollees have a 12-month benefit waiting period for orthodontic services.

Benefits for orthodontic treatment are provided only if the Participating Provider prepares the treatment plan prior to rendering services. The treatment plan is based on an examination that must take place while the Member is covered under this Plan. The examination must show a diagnosis of an abnormal occlusion that can be corrected by orthodontic treatment.

The Member must remain covered under this Plan for the entire length of treatment. The Member must follow the post-treatment plan and keep all appointments after the Member is de-banded to avoid additional Copays. Benefits will not be provided for the replacement of appliances (such as headgear and retainers) or for services provided prior to the effective date of coverage.

If Benefits for orthodontic services terminate prior to completion of orthodontic treatment, Benefits will continue through the end of the month. If coverage terminates prior to completion of treatment, the Copay may be prorated. The services necessary to complete treatment will be based on the Reasonable Cash Value of services rendered.

The Member is responsible for payment of the applicable Copays listed below for pre-orthodontic and orthodontic services and for services connected with orthodontic treatment. The Pre-Orthodontic Service Copays will be deducted from the Comprehensive Orthodontic Service Copayment, if the Member accepts the treatment plan.

Orthodontic Office Visit Copay

The Member will be responsible to pay the Orthodontic Office Visit Copay listed below for each visit to receive Orthodontic treatment.

- Plan 8 Orthodontic Office Visit Copay \$20

Pre-Orthodontic Service Copay

The Member will be responsible to pay the Copays listed below for Pre-Orthodontic Services provided:

- Initial orthodontic exam \$25
- Study models and x-rays \$125
- Case presentation \$0

Orthodontic Service Copay

- Comprehensive Orthodontic Service Copay \$1,500 per case

The following are procedures provided under the Benefits for orthodontic services:

- D8020 Limited orthodontic treatment of the transitional dentition
- D8030 Limited orthodontic treatment of the adolescent dentition
- D8040 Limited orthodontic treatment of the adult dentition
- D8060 Interceptive orthodontic treatment of the transitional dentition
- D8070 Comprehensive orthodontic treatment of the transitional dentition
- D8080 Comprehensive orthodontic treatment of the adolescent dentition
- D8090 Comprehensive orthodontic treatment of the adult dentition
- D8691 Repair of orthodontic appliance

IMPLANT SERVICES

Members must have been continuously covered under an OEGB-sponsored dental plan for 12 or more consecutive months to be eligible for Benefits for implant services. Late Enrollees have a 12-month benefit waiting period for implant services.

The Benefits for implant services will be provided when the treatment plan is prepared by a Participating Provider prior to rendering services. The treatment plan is based on an examination that must take place while the Member is covered. Benefits for implant services will be provided only if approved by a Participating Provider and if the entire implant procedure, including surgery and the application of the prosthetic(s), occurs while the Member is covered.

If coverage under this Plan terminates prior to completion of implant treatment, including the application of the prosthetic(s), there may be additional charges for implant services rendered after termination. If Benefits for implant services terminate before the end of the prescribed treatment period, Benefits will continue through the end of the month in which the Benefits for implant services are terminated. Continuing implant treatment, including the application of the prosthetic(s), will be prorated based on the Reasonable Cash Value of the service.

Implant Service Copays

Services provided in connection with implant treatment are subject to the Copays listed below and the applicable Copays listed in the Schedule of Covered Services and Copayments. All Copays must be paid in full at the time of service. In addition, only the implant services listed below will be covered under the Implant Services Benefit. All other implant services will be subject to the Copays, including any office visit Copays, stated in the Schedule of Covered Services and Copayments or will not be covered.

EXCLUSIONS AND LIMITATIONS

Benefits are not provided for any of the following conditions, treatments, services, supplies, or for any direct complications or consequences thereof:

Exclusions

- Bridges, crowns, dentures or any prosthetic devices requiring multiple treatment dates or fittings if installed or delivered more than 60 days after termination of coverage.
- The completion or delivery of treatments, services, or supplies initiated prior to the effective date of coverage, including the following:
 - a. An appliance or modification of one, if an impression for it was made prior to the effective date of coverage under this Plan; or
 - b. A crown, bridge, or cast or processed restoration, if the tooth was prepared prior to the effective date of coverage under this Plan.
- Endodontic therapy completed more than 60 days after termination of coverage.
- Endodontic services, prosthetic services, and implants that were provided prior to the effective date of coverage.
- Exams or consultations needed solely in connection with a service or supply not listed as covered.
- Experimental or investigational services or supplies and related exams or consultations.
- Full mouth reconstruction, including the extensive restoration of the mouth with crowns, bridges, or implants; and occlusal rehabilitation, including crowns, bridges, or implants used for the purpose of splinting, altering vertical dimension, restoring occlusions or correcting attrition, abrasion, or erosion.
- General anesthesia, deep sedation, or moderate sedation.
- Hospital care or other care outside of a dental office for dental procedures, physician services, or facility fees.
- Nightguards.
- Orthognathic surgery.
- Personalized restorations.
- Plastic, reconstructive, or cosmetic surgery and other services or supplies, which are primarily intended to improve, alter, or enhance appearance.
- Prescription and over-the-counter drugs and pre-medications.
- Provider charges for a missed appointment or appointment cancelled without 24 hours prior notice are not a benefit.
- Replacement of lost, missing, or stolen dental appliances; replacement of dental appliances that are damaged due to abuse, misuse, or neglect.
- Replacement of sound restorations.
- Services or supplies and related exams or consultations that are not within of the prescribed treatment plan and/or are not recommended and approved by the Participating Provider.
- Services or supplies and related exams or consultations to the extent they are not necessary for the diagnosis, care, or treatment of the condition involved.

- Services or supplies for the diagnosis or treatment of temporomandibular joint disorders.
- Services or supplies for treatment of injuries sustained while practicing for or competing in a paid athletic contest of any kind.
- Services or supplies for treatment of intentionally self-inflicted injuries.
- Services or supplies for treatment of an occupational injury or disease, including an injury or disease arising out of self-employment or for which Benefits are available under workers' compensation or similar law.
- Services or supplies for which coverage is available under any federal, state, or other governmental program, unless required by law.
- Services or supplies provided to correct congenital or developmental malformations of the teeth and supporting structure if primarily for cosmetic reasons.
- Services or supplies that are not listed as covered.
- Services or supplies where there is no evidence of pathology, dysfunction, or disease other than covered preventive services.

Limitations

Alternative Services. If alternative services can be used to treat a condition, the service recommended by the Participating Provider is covered. In the event the Member elects a service that is more costly than the service the Participating Provider has approved, the Member is responsible for the Copayment for the recommended covered service plus the cost differential between Reasonable Cash Value of the recommended service and Reasonable Cash Value of the more costly requested service.

Congenital Malformations. Services listed in this Certificate, which are provided to correct congenital or developmental malformations of the teeth and supporting structure, will be covered if primarily for the purpose of controlling or eliminating infection, controlling or eliminating pain, or restoring function.

Endodontic Retreatment.

- a. When initial root canal therapy was performed by a Participating Provider, the retreatment of such root canal therapy will be covered as part of the initial treatment for the first 24 months. After that time, the applicable Copayments will apply.
- b. When the initial root canal therapy was performed by a Non-Participating Provider, the retreatment of such root canal therapy by a Participating Provider will be subject to the applicable Copays.

Hospital Setting. The services provided by a dentist in a hospital setting are covered if the following criteria are met:

- a. A hospital or similar setting is medically necessary.
- b. The services are pre-authorized in writing by a Participating Provider.
- c. The services provided are the same services that would be provided in a dental office.
- d. The Hospital Call Copay and other applicable Copays are paid.

Replacements. The replacement of an existing denture, crown, inlay, onlay, or other prosthetic appliance or restoration denture is covered if the appliance is more than 5 years old and replacement is dentally necessary due to one of the following conditions:

- a. A tooth within an existing denture or bridge is extracted;
- b. The existing denture, crown, inlay, onlay, or other prosthetic appliance or restoration cannot be made serviceable;
or
- c. The existing denture was an immediate denture to replace one or more natural teeth extracted while covered under this Plan, and replacement by a permanent denture is necessary.

Restorations. Crown, cast, or other indirect fabricated restorations are covered only if dentally necessary or if recommended by the Participating Provider. A crown, cast, or other indirect fabricated restorations is considered dentally necessary if it is treatment for decay, traumatic injury or substantial loss of tooth structure undermining one or more cusps and the tooth cannot be restored with a direct restorative material or the tooth is an abutment to a covered partial denture or fixed bridge.
