NA - Not applicable

1 Deductible waived.

2 Individual deductible and out-of-pocket maximum apply to single coverage only. Family deductible and out-of-pocket maximum apply when two or more individuals are covered on the plan. This plan also includes an embedded per member out-of-pocket max, which is set at the individual OOP amount. Under this plan, deductible must be met before benefits will be paid (except where 1 indicates deductible waived).

3 For Moda plans, OOP max includes medical copayments and coinsurance. Pharmacy copays and coinsurance and ACT copayments will continue accruing towards Maximum Cost Share.

4 Benefit is subject to a reference price limitation.

5 A formulary exception must be approved for non-preferred brand prescription medication.

6 If enrolled in a Moda medical plan, each covered individual must choose a PCP 360 with Moda for that individual to receive the enhanced "coordinated" benefit shown in the far left column under that plan when using a provider in the Connexus network. If an individual has not chosen a PCP 360 with Moda, they will receive the "non-coordinated" benefit shown in the center column if using a provider in the Connexus network. Any services by a provider outside the Connexus network will be paid at the "out-of-network" level (far right column under that plan) regardless of whether or not the individual has chosen a PCP 360 with Moda.

7 For value tier list please visit <https://my.kp.org/oebb/plans/> at bottom of page.

8 For Kaiser plans, acupuncture care, spinal manipulation and naturopathic substance only accrue towards your \$2000 benefit maximum. For Moda Plans, acupuncture and spinal manipulation services are subject to 12 visits per plan year.

9 For Moda plans, CirrusMD app is covered at no member cost sharing. All other virtual care for primary and urgent care services is covered at a \$10 copay with deductible waived for plans 1-5. Plans 6-7 is a \$10 copay after the deductible has been met.

10 For Moda plans, member must see their chosen PCP 360 or any in-network specialist to receive the copay benefit.

11 For Moda plans, the copay listed is for acupuncture and spinal manipulation services only. Naturopathic substances are covered. See Plan Handbook for details.

This document is for comparison purposes only and is not intended to fully describe the benefits of each plan. The full benefits of each plan are described in the member handbooks. In the case of a conflict between this comparison and the member handbook, the member handbook will prevail.
