Funded Projects and Activities Leveraged

* Lane County Cares – Child Care Provider Wage Enhancement

(HLO#8, Strategy A1): Provides developmentally appropriate environments through early childhood care provider training and enhanced compensation. Lane Family Connections administers this nationally recognized program that not only reimburses teachers for higher levels of professional development recognized by the Oregon Professional Development Registry, but then provides direct wage supplements.

* "Partnership for Youth Fund" Staff Training Program – City of Eugene

Access to essential training, technical assistance and networking for youth development staff. Supports implementation of quality youth programs. Provides training that will help programs meet or exceed national standards set by the Benson 40 Development Assets Model and the National School-Age Care Alliance standards.

Workforce Skill Development Training – Oregon Workforce Investment Board Exciting partnership with Lane County Chapter for the Education of Young Children, the Workforce Grant provides training, scholarships and other supports to help child care providers meet state registration and certification qualifications. Addresses quality, retention and provider compensation by helping providers increase the number of children they legally care for, and eligibility for DHS Enhanced Provider rates.

* Newly Revised Website: <u>www.lanecc.edu/lfc</u>

Online access for parents seeking child care, wide array of information, services and links related to child care. Includes web board for child care related discussions.

Employers of Choice Statewide Campaign:

Employer involvement in child care is good for children, good for parents, and good for business. Employees struggle on a day-to-day basis to balance work and family life. Combined family and work responsibilities create problems that employers can solve. Effective work/life strategies help recruit talented employees and retain trained ones. Lane Family Connections offers enhanced services that are a creative solution to employee child care concerns.

* NACCRRAware Database Conversion

Lane Family Connections, as a member of the National Association of Child Care Resource and Referral Agencies, strives to provide information infrastructure for early learning and school age programs through the implementation of a the national standardized data set of valid, reliable and comparable data for use at the local, state and national levels. Lane Family Connections will be in the first wave of Oregon's conversion to NACCRRAware under the guidance of the Network Data Administrator. This database is a cutting-edge, internet-based data collection system that allows programs to use current technology when providing services within the community. It is the newest and most powerful information system created for child care resource and referral agencies.

* Community Outreach and Networking

Lane Family Connections participates in or networks with the following local, statewide and national groups:

- SB555 Early Childhood Education Team
- Lane County Human Services Network
