

# How to Download the RN Application

Using Chrome  as your browser, open the application from the webpage.

The screenshot shows a web browser window with the URL [lanecc.edu/hp/nursing/registered-nursing-application-information](http://lanecc.edu/hp/nursing/registered-nursing-application-information). The website header includes navigation links: APPLY & ENROLL, PROGRAMS, ENGAGE, CONNECTIONS, ABOUT, and a search bar for Lane Websites. Below the header is the Lane Community College logo and a blue banner with the text "HEALTH PROFESSIONS". The background of the banner features a close-up image of a green stem with water droplets.

    - » Faculty and Staff
    - » Frequently Asked Questions
    - » Integrative Practicum Program
    - » Program of Study
    - » RN Nursing Overview
  - ▶ LPN Practical Nursing (Certificate)

## Associate Degree Nursing

### 2019 Application information:

The Fall 2019 Application is now open and will close on February 15, 2019.

PLEASE NOTE: We only have one [HSRT Test](#) remaining at 4pm on Wed February 13th and the application closes Friday, February 15th.

If you are planning to take the test at an alternate location, it must be completed NO LATER than Wednesday, February 13th at 5:00pm. You will then need to send that date/time to the [HPApplicationCenter@lanecc.edu](mailto:HPApplicationCenter@lanecc.edu) Email address with the testing center Email address included. We will then send you the link for the HSRT test payment and once that has been paid, we will forward the proctoring instructions to the testing center Email.

- [Towns listed for Lane County residency points](#)

Do *\*not\** fill the application out on the internet, as data will *\*not\** be saved. Instead, save it as a downloaded file on your own computer.

Open your downloaded file. Click on the application and then open with the “Open with Adobe Acrobat Reader DC” tab in the top bar.

Complete the form in this format.

Save and send as an attachment to the email in the application.

## Notes

If you are using an Apple computer, make sure you aren't in "Preview" which is the default mode.

If you saved your application in the correct format, you'll see that your overall app points add automatically on the final page.

You will know it's still a fillable pdf because when the file is reopened, you should be able to still manipulate the information in the fillable cells.
