*"(The instructor) did a great job explaining how to take the tests and use the websites, but more importantly the benefits of using the resources and getting jobs that best suit you!"*

*"I loved the teacher's energy! I learned so much on this workshop, like skills that I didn't realize I could use in other job fields."*

*"Very helpful, I have been looking for a real good skill selection for jobs. This class has shown me different paths and has given other options to look at."*

# CAREER EXPLORATION WORKSHOP

Explore ways to identify your skills and interests while researching possible career choices. Career Exploration will provide you access to assessments based on preferences and gained experiences. In addition, we will review the labor market and discover jobs in growing local industries.
